*Stargazer (200MS00129) now has sexed semen available, as well as conventional doses. He is full herdbook in the USA, A2A2, and free of known genetic recessives. Stargazer offers international Milking Shorthorn breeders a very unique sire stack, appealing to those desiring strong proofs for udder conformation and plenty of show style, while also having depth of cow family and lifetime production.*

*To order semen, contact your Semex representative.*
