Our hearts are saddened with the passing of a very Special cow, who had such a large impact on not only our family, and those that worked with her, but was also internationally loved and respected. She may not have had the show career that others had, but those that worked with her, knew that Mud, as she was so lovingly known, gave 150%. She was a cow that always knew when we were getting ready for a show. Mud always had her game face on, even at the very end. She was that Elegant, Regal, Classic Beauty. She may have been beaten in the political ring most of her life, but where it counted, was in our hearts, internationally, and in the hearts of breeders of all breeds across the board. The few people that had the opportunity to lead her on the tanbark were impressed with her natural carriage. You didn't show her - she showed you and the world, who she was. There will always be a void in our hearts for her. Rest in peace our dear and wonderful Mud.
